# Fancy Flowers

## USING REPETITION

1.

Start off with a small, simple flower a little above the middle of your paper.

2.

**REPEAT**  
the flower shape  
around the flower.

3.

Continue to repeat the flower shape as many times as you can! Add a stem and leaves, and repeat those lines too!

4.

Now add color! Use crayons, markers, or whatever you have!  
*Can you see a **PATTERN**?*
